The Board of Education
Grand Haven Area Public Schools
1415 S Beechtree Street
Grand Haven, MI 49417

Dear Board Members and Citizens of Grand Haven Area Public Schools:

This letter of transmittal provides an overview of the financial position of Grand Haven Area Public Schools (the District) from the perspective of the Superintendent and the Executive Director of Business Services. It serves as an introduction to our Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. The ACFR is divided into three sections: introductory section, financial section, and statistical section. The introductory section includes the District's organizational chart, a list of principal officials and this letter of transmittal. The financial section contains the independent auditor's unmodified opinion letter and the Management's Discussion and Analysis report. The Management's Discussion and Analysis report provides a more detailed analysis of the financial condition of the District and should be read in conjunction with this letter. The District's government-wide financial statements, fund financial statements and supplemental information are also contained in this section. The statistical section includes selected financial, demographic, and general information, generally presented on a multi-year basis.

The District's Business Office has prepared this report with responsibility for the accuracy, fairness, and completeness of the presentation, including all disclosures, resting with the District. We believe the information is accurate in all material respects, is presented in a manner designed to fairly show the financial position and results of operations of the District and includes all disclosures necessary to enable the reader to gain an understanding of the District's financial affairs. The report includes a statistical section containing data on numerous financial trends as well as facility information.

The District

Grand Haven Area Public Schools is a suburban district, located in Ottawa and Muskegon County and located within the City of Grand Haven and the surrounding area. The District covers approximately 100 square miles and that includes the cities of Grand Haven and Ferrysburg, as well as Grand Haven Charter Township and portions of the townships of Spring Lake, Port Sheldon, and Robinson in Ottawa County. It also includes a small portion of the southernmost area of the City of Norton Shores located in Muskegon County. The District was formed in 1886. It is a fiscally independent school district governed by a seven-member elected Board of Education.

The District's student enrollment for the 2023-24 school year was 5,306 student FTE (Full-time equivalent). The District has experienced a substantial decrease in student FTE over the past 5 years. In the 2019-20 school year, the District's student enrollment was 5,995 FTE. The projected enrollment for 2024-25 is 5,267. There are seven K-4 elementary schools, one 5-6 school, one 7-8 middle school, one 9-12 high school, one alternative education high school, and one administrative building. The buildings range in age from 27 to 96 years old.

Student Services Provided and Major Initiatives

Grand Haven Area Public Schools provides its students a comprehensive program of public education from the home delivery of services for early childhood special education students as early as age two through twelfth grade. The District has a broad-based curriculum designed to meet the individual needs of all students including regular daytime, at-risk, English language learners, special needs and alternative education pupils. All students have exposure to current technology integrated across curriculum and access to comprehensive media centers. Middle school students have the opportunity to earn several high school credits prior to entering 9th grade. High School students can earn college credits through dual enrollment, Advanced Placement, and early college programs. The dual enrollment program allows qualifying high school students to attend local colleges and universities, receiving both high school and college credit. The District's education program includes a wide array of special education services for eligible students, boasting the largest special education program in Ottawa County. There are numerous opportunities for students to participate in extracurricular activities including music, drama, fine arts, interscholastic sports, clubs, and many other special activities.

Accounting Systems, Budgetary Control and Annual Audit

The annual budgets are established in accordance with generally accepted accounting principles (GAAP) for the general fund and two special revenue funds. Other funds do not undergo budgetary appropriations. Appropriations for all budgeted funds expire at the close of the fiscal year, regardless of related encumbrances. Encumbrances represent commitments tied to outstanding contracts for goods or services (such as purchase orders, contracts, and commitments). Encumbrance accounting is employed to ensure effective budgetary oversight and accountability, as well as to facilitate prudent cash management. Although all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those expecting fulfillment in the following year) are re-appropriated and integrated into the subsequent year's budget.

The District adheres to budgetary policies and procedures established by the Board of Education, incorporating specific guidelines in budget development and review. A line-item budget, formulated by the Executive Director of Business Services and the Superintendent, is presented to the Board of Education for approval and adoption. This budgeting process incorporates input from employees, parents, and the community, aiming to efficiently allocate resources. The budget may be adjusted by the Board of Education as necessary throughout the fiscal year to reflect changing circumstances and communicate financial forecasts transparently to stakeholders.

The District has integrated its budget with the accounting system and internal controls. Internal controls are designed to provide reasonable assurance for safeguarding assets against unauthorized use and ensuring asset accountability. Additionally, these controls offer assurance regarding the reliability of financial records essential for generating financial statements. It is believed that the budgetary and internal controls effectively protect District assets and offer reasonable assurance that any material errors or fraud impacting financial statements would be either prevented or detected in a timely manner.

An annual audit of its financial statements is mandated for the District. The responsibility for the financial statements lies with District management, while the auditor provides an opinion on the statements.

Economic Environment

Michigan voters approved the state constitutional amendment known as Proposal A in 1994. Funding of District operation shifted dramatically from local property tax revenue to State Aid as a result of this amendment, with funding predominantly determined by student enrollment.

The District has facilities that were built between 1928 and 1997. The average age of the school buildings is 60 years old. These buildings will need significant investment over the next 10 years. Funding mechanisms that can be utilized to support these investments are Bonds and a Sinking Fund. If those sources do not exist, there is potential for funds normally assigned for educational purposes to be diverted to facility upgrades (e.g. funding a teacher versus replacing a boiler).

Bonds require voter approval and the funds come through selling bonds. The District then pays back the debt by levying a debt millage.

Sinking Funds also require voter approval and the funds are received on an annual basis via a tax levy. Sinking Funds can be levied for a max of 10 years before needing renewal and a max levy of 3 mills. Typically Sinking Funds are utilized for “pay as you go” projects.

On August 6th, 2024, the Grand Haven community voted in favor of the District’s Sinking Fund proposal. This will raise approximately \$25 million over the next 10 years. In the first year of the levy, the Sinking Fund will generate approximately \$2.2 million. We are immensely grateful to our community for their ongoing support and commitment to our district. Your involvement and backing of this proposal are vital to the success of our schools and the well-being of our students. Thank you for your trust and for helping us to secure the future of our educational infrastructure.

The District is reliant upon the State of Michigan for the majority of its funding which is appropriated annually by the Michigan legislature working with the executive branch of State government. It is difficult in this environment to develop a long-term operating plan as the State budget is subject to the whims of changes in elected officials and an overall unwillingness to increase State taxes. Operationally the District spends about 88% of its resources on employees and adjusts staffing annually to work within the financial resources available.

Certificate of Excellence

The District is applying for the Certificate of Excellence for the first time in its history for fiscal year 2023-24, in order to demonstrate its transparency to the community and strengthen trust which was damaged due to the recent embezzlement.

In Appreciation

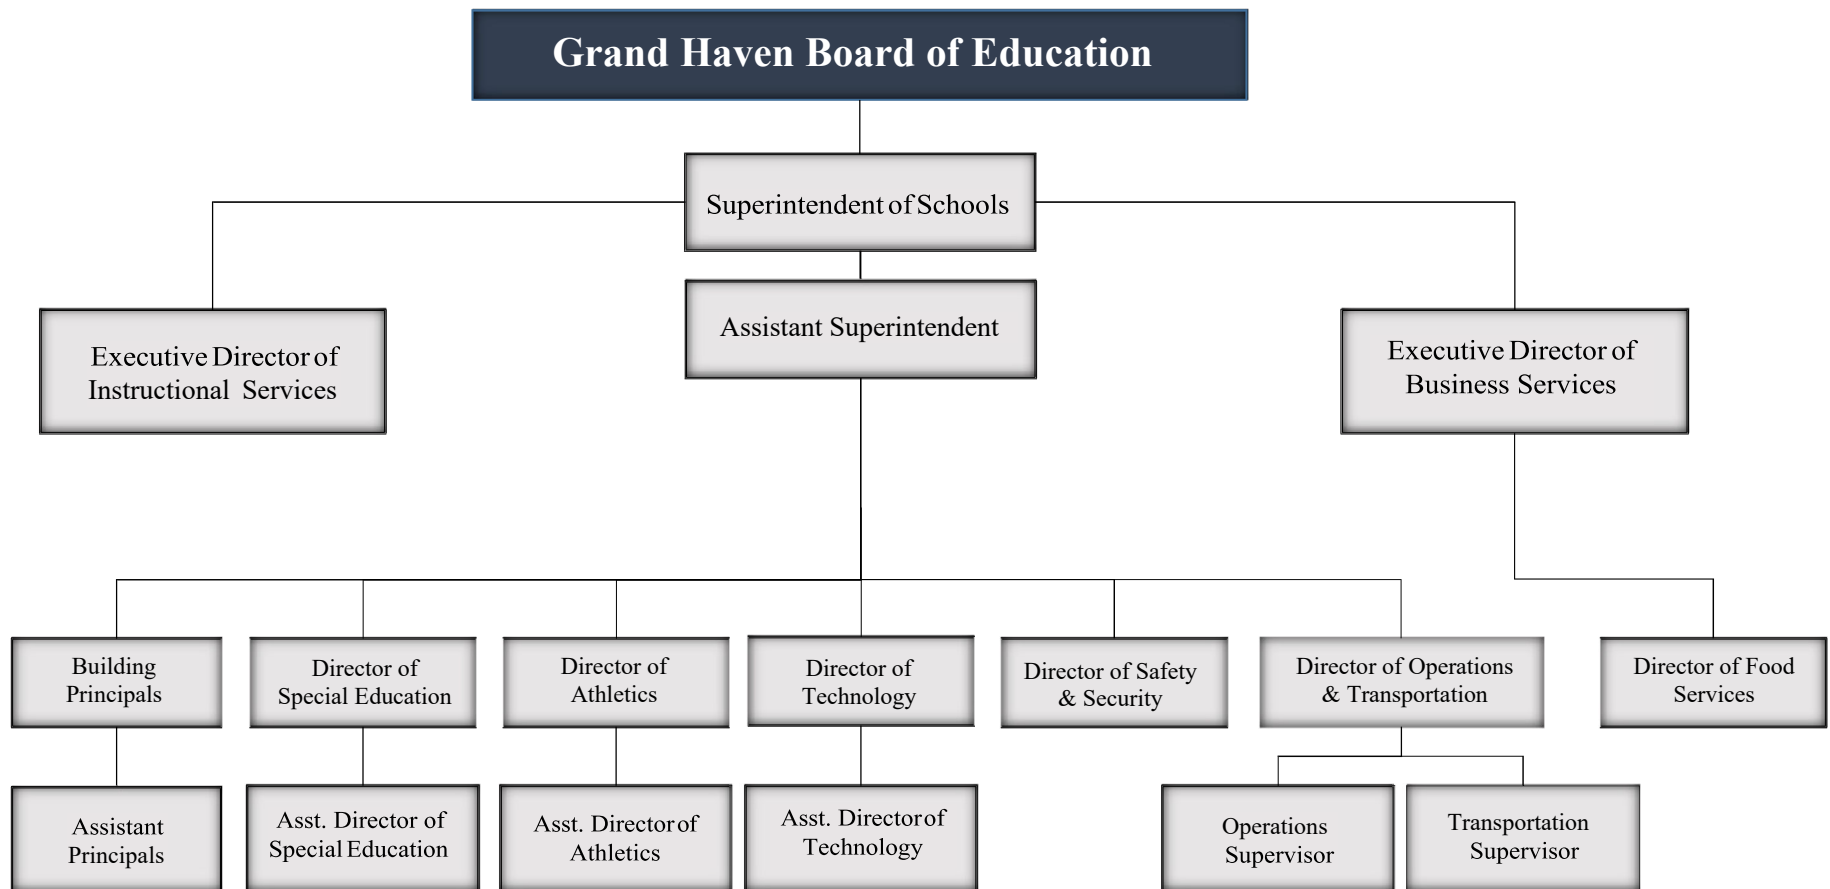

We would like to express appreciation to a highly dedicated Board of Education that has adopted policies and programs to continue the District’s quality improvement so that we can inspire all to learn, provide exceptional educational experiences, and success for all. We are also thankful to the staff members who working day to day to provide an exceptional learning environment for Grand Haven students.

Respectfully submitted,

Michael MacDonald
Executive Director of Business Services

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of
Grand Haven Area Public Schools

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Grand Haven Area Public Schools, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Grand Haven Area Public Schools' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Grand Haven Area Public Schools, as of June 30, 2024, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grand Haven Area Public Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grand Haven Area Public Schools' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grand Haven Area Public Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grand Haven Area Public Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Grand Haven Area Public Schools' basic financial statements. The accompanying additional supplementary information, as identified in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional supplementary information, including the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information - (Annual Comprehensive Financial Reporting)

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2024, on our consideration of Grand Haven Area Public Schools' internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Grand Haven Area Public Schools' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Grand Haven Area Public Schools' internal control over financial reporting and compliance.

Maney Costeiran PC

October 8, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Grand Haven Area Public Schools (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024.

The management's discussion and analysis is provided at the beginning of the annual financial report to provide in layman's terms the past and current position of the District's financial condition. This summary should not be taken as a replacement for the annual financial report which consists of the financial statements and other supplementary and additional information that presents all the District's revenue and expenditures by program.

FINANCIAL HIGHLIGHTS

Reporting the School District as a Whole - District-wide Financial Statements

One of the most important questions asked about the District is, "As a whole, what is the District's financial condition as a result of the year's activities?" The statement of net position and the statement of activities, which appear first in the District's financial statements, report information about the District as a whole and its activities in a way that helps answer this question. We prepare these statements to include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources, using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position. In order to measure the District's financial health or financial position, we examine the difference between assets, deferred outflow of resources, liabilities, and deferred inflow of resources as reported in the statement of net position. Over time, increases or decreases in the District's net position, as reported in the statement of activities, are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the District's operating results.

It is important to remember that the School District's goal is to provide the best educational opportunities and services possible to the District's students and not to generate profits as commercial entities do. In keeping, the District must account for the long-term stability and continuation of the District by weighing expenditures against the ability to continue existence. The District must keep in check significant decreases in net position over time.

The statement of net position and statement of activities report the governmental activities for the School District, which encompass all of the District's services, including instruction, support services, community services, athletics, student/school activities, and food services. Property taxes, unrestricted state aid (foundation allowance revenue), and state and federal grants finance most of these activities.

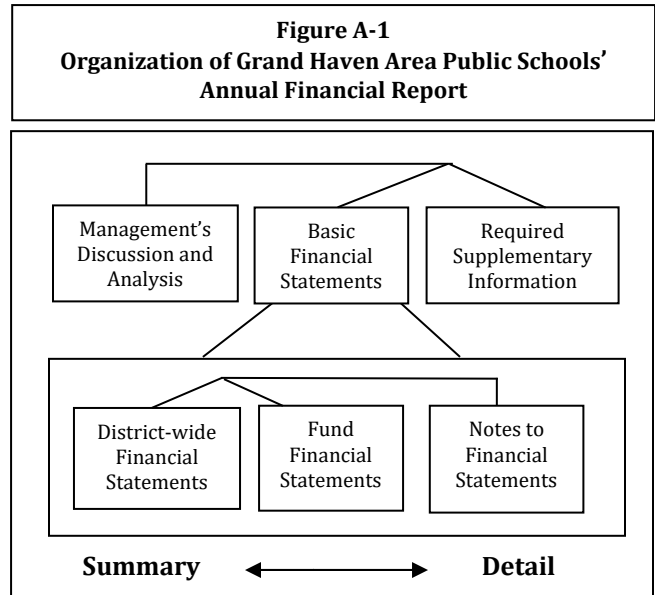

Our financial statements provide insights into the results of this year's operations.

- The assets and deferred outflows of resources of the District are exceeded by its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$62,485,749 (*net position*).
- The District's total net position increased by \$14,139,158.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$17,499,510, a decrease of \$1,708,009 in comparison with the prior year.
- At the end of the current fiscal year, the fund balance for the District's operating fund (general fund) was \$10,293,789 or 11.37% of the total expenditures and transfers out of this operating fund.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts - management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *District-wide financial statements* that provide both *short-term* and *long-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District, reporting the District's operations in more detail than the District-wide notes to financial statements.
- The *governmental funds* statements tell how basic services like instruction and support services were financed in the short-term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year as well as required information for net pension liability and net OPEB asset. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Figure A-2 Major Features of District-wide and Fund Financial Statements		
Category	District-wide Statements	Fund Financial Statements
		Governmental Funds
Scope	Entire District	The activities of the District that are not proprietary, such as special education and building maintenance
Required financial statements	<ul style="list-style-type: none"> * Statement of net position * Statement of activities 	<ul style="list-style-type: none"> * Balance sheet * Statement of revenues, expenditures and changes in fund balances
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, expenditures when goods or services have been received and the related liability is due and payable

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

DISTRICT-WIDE STATEMENTS

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statements of net position include all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's net position and how they have changed. Net position - the difference between the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the District-wide financial statements, the District's activities:

- Governmental Activities - Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state formula aid finance most of these activities.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (like repaying obligations) or to show that it is properly using certain revenues (like school lunch and student/school activities).

The District has one kind of fund:

- Governmental Funds - Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, we provide additional information with the governmental funds statements that explain the relationship (or differences) between them.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Restricted net position represents legal constraints from debt covenants and legislation that limit the District's ability to use the net position for day-to-day operations. The following is a summary of the District's net position at June 30, 2024 and 2023.

Table A-3 Grand Haven Area Public Schools Net Position		
	2024	2023

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District as a whole has a combined fund balance of \$17,499,510 compared to \$19,207,519 in 2023. The fund balance decreased by \$1,708,009 during the year. There are debt service funds with a combined net fund balance of \$2,777,006, special revenue funds with combined a net fund balance of \$2,087,699, the 2020 capital project fund with a net fund balance of \$1,622,169, and a capital projects fund with a net fund balance of \$718,847. The general fund decreased its fund balance by \$4,561; the 2020 capital project bond decreased its fund balance by \$2,318,437 and other nonmajor governmental funds increased by \$614,989 (special revenue, debt service funds, and capital projects funds).

The general fund's revenues were 0.01% lower than expenditures and operating transfers.

General Fund and Budget Highlights

An amendment to the initial budget was completed in January, reflecting increased spending in teacher salaries and benefits. The amendment reflected an increase in the foundation allowance.

The final amendment was adopted in June 2024 to adjust for a slight revenue increase and employee compensation to reflect staffing changes.

The final amended budget was to have expenditures and outgoing transfers exceeding revenues by \$426,300. Final results showed that revenues came in higher (\$49,299) than were anticipated, but expenditures came in less (\$254,168). The net result after other financing sources and (uses) was a decrease in fund balance of \$4,561, decreasing the fund balance to \$10,293,789.

General fund expenditures came within 0.28% of final budgeted amounts. Tight budgetary controls allowed the District to maintain the rising costs with the decrease in revenue sources.

Overall, the difference between the final District's amended budget and end of the year figures amounted to a \$421,739 variance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District's capital assets are as follows:

Table A-5				
Grand Haven Area Public Schools				
	2024			2023
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value
Land	\$ 4,973,108	\$ -	\$ 4,973,108	\$ 4,973,108
Construction in process	655,018	-	655,018	-
Building and building improvements	105,052,498	61,490,529	43,561,969	45,957,139

Total	<u>\$ 145,857,378</u>	<u>\$ 88,415,966</u>	<u>\$ 57,441,412</u>	<u>\$ 60,094,650</u>

LONG-TERM OBLIGATIONS

At year-end, the District had \$5,346,013 long-term obligations outstanding as shown in Table A-6. More detailed information is available in the notes to the financial statements.

The District made principal payments amounting to \$6,085,000 which has decreased the long-term obligations.

An increase in compensated absences and terminated benefits of \$210,591 was also recorded.

Table A-6		
Grand Haven Area Public Schools		
Outstanding Long-Term Debt		
	2024	2023
General obligation bonds and other debt	\$ 3,739,039	\$ 9,942,116
Compensated absences and terminated benefits	1,606,974	1,396,383
	<u>\$ 5,346,013</u>	<u>\$ 11,338,499</u>

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- One of the most important factors affecting the budget is our student enrollment as the state foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. Any increase or decrease in student enrollment will require adjustments in district expenditures so that the budget remains structurally balanced.
- Since the District's revenue is heavily dependent on state funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenue to fund its appropriation to the District. After the 2023-24 fiscal year, the State is projecting all one-time items to be spent. This could potentially lead to a decrease in some categorical funding areas from the State. Even with the increase in school aid funding, the additional revenue does not keep up with the high rate of inflation. The District has and will likely continue to see increased costs in the general operation of the District.
- The District has higher than normal federal revenues and expenditures due to COVID-19 relief funding. The District is currently using this money to enhance the programming available for students, but these funds have run out.
- The District has facilities that were built between 1920 and 1997. The average age of the school buildings is over 60 years old. These buildings will need significant investment over the next 10 years.
- On August 6th, 2024, the Grand Haven community voted in favor of the District's Sinking Fund proposal. This will raise approximately \$25 million over the next 10 years. In the first year of the levy, the Sinking Fund will generate approximately \$2.2 million. We are immensely grateful to our community for their ongoing support and commitment to our district. Your involvement and backing of this proposal are vital to the success of our schools and the well-being of our students. Thank you for your trust and for helping us to secure the future of our educational infrastructure.

FACTORS BEARING ON THE DISTRICT'S FUTURE (concluded)

- The supply chain for goods continues to be significantly impacted by the COVID-19 pandemic. The purchase of certain equipment and furnishings has been delayed. Making purchases of these goods will require significant planning and lead time until the supply chain stabilizes.
- The budget came in essentially break-even, which is the goal for a non-profit entity. However, the General Fund benefited from \$700,000 in interest revenue and one-time delinquent tax revenue. Without these, the District would have faced a much larger deficit than approximately \$5,000. This highlights the importance of not relying on non-recurring revenue as budget planning continues for future fiscal years.
- Signs of a national and statewide teacher shortage are evident. The District will need to be innovative in recruiting and retaining high quality teachers to ensure that it can continue to offer exceptional programming.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information, contact Michael MacDonald, Executive Director, Business Services, Grand Haven Area Public Schools, 1415 Beechtree Street, Grand Haven, Michigan 49417.

**GRAND HAVEN AREA PUBLIC SCHOOLS
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE
SHEET TO THE STATEMENT OF NET POSITION
JUNE 30, 2024**

Total governmental fund balances \$ 17,499,510

Amounts reported for governmental activities in the statement of net position are different because:

Governmental funds report actual/OPEB expenditures for the fiscal year, whereas the governmental activities will recognize the net pension/OPEB liability/asset as of the measurement date. Contributions subsequent to the measurement date will be deferred in the statement of net position. In addition, resources related to changes of assumptions, differences between expected and actual experience, net differences between projected and actual plan investment earnings, and changes in proportion and differences between employer contributions and proportionate share of contributions will be deferred over time in the government-wide financial statements. These amounts consist of:

Deferred outflows on refunding	66,925
Deferred outflows of resources - related to pensions	38,357,865
Deferred outflows of resources - related to other postemployment benefits	9,455,976
Deferred inflows of resources - related to pensions	(16,343,704)
Deferred inflows of resources - related to other postemployment benefits	(19,803,446)
Deferred inflows of resources - related to state aid funding for pension	(8,279,272)

Some assets are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet.

Noncurrent assets at year-end consist of:
 Net other postemployment benefits asset

2,353,315

Capital assets used in governmental activities are not financial resources and are not reported in the funds.

The cost of the capital assets is	\$ 145,857,378	
Accumulated depreciation/amortization is	<u>(88,415,966)</u>	
		57,441,412

Long-term liabilities are not due and payable in the current period and are not reported in the funds.

General obligation bonds	(3,739,039)
Compensated absences and termination benefits	(1,606,974)
Accrued interest is not included as a liability in governmental funds, it is recorded when paid	(10,469)
Net pension liability	(133,811,248)
Net other postemployment benefits liability	<u>(4,066,600)</u>

Net position of governmental activities \$ (62,485,749)

End of year	\$ 10,293,789	\$ 1,622,169	\$ 5,583,552	\$ 17,499,510

See notes to financial statements.

**GRAND HAVEN AREA PUBLIC SCHOOLS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2024**

Net change in fund balances total governmental funds \$ (1,708,009)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities these costs are allocated over their estimated useful lives as depreciation.

Depreciation/amortization expense	(4,624,265)
Capital outlay	2,322,379
Loss on disposal of capital assets	(351,352)

Accrued interest on bonds is recorded in the statement of activities when incurred; it is not recorded in governmental funds until it is paid.

Accrued interest payable, beginning of the year	23,180
Accrued interest payable, end of the year	(10,469)

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The effect of these differences in the treatment of long-term debt and related items are as follows:

Payments on debt	6,085,000
Amortization of deferred charge on refunding	(80,309)
Amortization of bond premiums	118,077

Compensated absences and termination benefits are reported on the accrual method in the statement of activities, and recorded as an expenditure when financial resources are used in the governmental funds.

Accrued compensated absences and termination benefits, beginning of the year	1,396,383
Accrued compensated absences and termination benefits, end of the year	(1,606,974)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Pension related items	1,933,779
Other postemployment benefits related items	7,796,232

Restricted revenue reported in the governmental funds that is deferred to offset the deferred outflows related to section 147c pension contributions subsequent to the measurement period.

State aid funding for pension benefits	2,845,506
--	-----------

Change in net position of governmental activities	\$ 14,139,158
--	----------------------

GRAND HAVEN AREA PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Grand Haven Area Public Schools (the "District") is governed by the Grand Haven Area Public Schools Board of Education (the "Board"), which has responsibility and control over all activities related to public school education within the District. The District receives funding from local, state, and federal sources and must comply with all of the requirements of these funding source entities. However, the District is not included in any other governmental reporting entity as defined by the accounting principles generally accepted in the United States of America. Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and the primary accountability for fiscal matters. In addition, the District's reporting entity does not contain any component units as defined in Governmental Accounting Standards Board (GASB).

Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. *Governmental activities* normally are supported by taxes and intergovernmental revenues.

Basis of Presentation - Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from the governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the District's funds. Separate statements for each fund category - governmental - are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following *Major Governmental Funds*:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The *2020 Capital Projects Fund* accounts for the receipt of debt proceeds and the acquisition or construction of capital facilities or equipment held by the District. For this capital project, the school district has complied with the applicable provisions of Section 1351a of the Revised School Code. The fund is not yet considered substantially complete, and a subsequent year audit is expected.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Presentation - Fund Financial Statements (concluded)

Major Governmental Funds (concluded):

The following is a summary of the cumulative revenues and expenditures for the capital projects bond activity since inception.

	<u>2020 Bond</u>
Revenues	<u>\$ 628,320</u>
Expenditures and other financing sources	<u>\$ 9,786,151</u>

The above revenue figures do not include original 2020 school bond proceeds of \$10,780,000, respectively.

Additionally, the District reports the following *Nonmajor Fund Types*:

The *Special Revenue Funds* account for revenue sources that are legally restricted to expenditures for specific purposes (not including expendable trusts or major capital projects). The District accounts for its food service and student/school activities as special revenue funds.

The *Debt Service Funds* account for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *Capital Projects Funds* account for the transfers from the general fund for the acquisition of capital assets or construction of major capital projects. The District maintains one nonmajor capital projects fund for various assigned purposes.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, they are eliminated in the preparation of the government-wide financial statements.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, they are eliminated in the preparation of the government-wide financial statements.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting (concluded)

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are generally collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, state and federal aid and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

The State of Michigan utilizes a foundation grant approach which provides for a specific annual amount of revenue per pupil based on a state-wide formula. The foundation is funded from state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of state funds to school districts based on information supplied by the districts. For the current year ended, the foundation allowance was based on pupil membership counts.

The state portion of the foundation is provided primarily by a state education property tax millage of 6 mills on Principal Residence Exemption (PRE) property and an allocated portion of state sales and other taxes. The local portion of the foundation is funded primarily by Non-PRE property taxes which may be levied at a rate of up to 18 mills as well as 6 mills for Commercial Personal Property Tax. The state revenue is recognized during the foundation period and is funded through payments from October to August. Thus, the unpaid portion at June 30 is reported as due from other governmental units.

The District also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain governmental funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received and accrued, which are not expended by the close of the fiscal year are recorded as unearned revenue.

All other revenue items are generally considered to be measurable and available only when cash is received by the District.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budgetary Information

Budgetary Basis of Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund and special revenue funds. Other funds do not have appropriated budgets.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executor) contracts for goods or services (i.e., purchase orders, contracts, and commitments). The District does not utilize encumbrance accounting.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Superintendent submits to the School Board a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them. The level of control for the budgets is at the functional level as set forth and presented as required supplementary information.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to July 1, the budget is legally adopted by School Board resolution pursuant to the Uniform Budgeting and Accounting Act (1968 PA 2). The Act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will be less than anticipated or so that expenditures will not be in excess of original estimates. Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations, if any, in the general fund are noted in the required supplementary information section.
- d. Transfers may be made for budgeted amounts between major expenditure functions within any fund; however, these transfers and any revisions that alter the total expenditures of any fund must be approved by the School Board.
- e. The budget was amended twice during the year. The final budget was approved prior to the June 30, 2024 year-end with more than originally expected revenues and appropriations due to previous uncertainty in state and federal funding when the original budget was adopted. Although the district does consider these amendments to be significant, they were deemed necessary due to considerable uncertainty at the time the original budget was adopted.

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and certificates of deposit.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Investments

In accordance with Michigan Compiled Laws, the District is authorized to invest in the following investment vehicles:

- a. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank which is a member of the Federal Deposit Insurance Corporation (FDIC) or a savings and loan association which is a member of the Federal Savings and Loan Insurance Corporation (FSLIC) or a credit union which is insured by the National Credit Union Administration (NCUA), but only if the bank, savings and loan association, or credit union is eligible to be a depository of surplus funds belonging to the State under section 5 or 6 of Act No. 105 of the Public Acts of 1855, as amended, being Section 21.145 and 21.146 of the Michigan Compiled Laws.
- c. Commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services, and which matures not more than 270 days after the date of purchase.
- d. The United States government or federal agency obligations repurchase agreements.
- e. Bankers' acceptances of United States banks.
- f. Mutual funds composed of investment vehicles, which are legal for direct investment by local units of government in Michigan.

Michigan Compiled Laws allow for collateralization of government deposits, if the assets for pledging are acceptable to the State Treasurer under Section 3 of 1855 PA 105, MCL 21.143, to secure deposits of State surplus funds, securities issued by the Federal Loan Mortgage Corporation, Federal National Mortgage Association, or Government National Mortgage Association.

Inventories and Prepaids

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Capital Assets

Capital assets, which include property, plant, equipment, and transportation vehicles, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Group purchases are evaluated on a case-by-case basis. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Land and construction in process, if any, is not depreciated. Right to use assets of the District are amortized using the straight-line method over the shorter of the subscription period or the estimated useful lives. The other property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Capital Asset Classes</u>	<u>Years</u>
Building and building improvements	15 - 50
Land improvements	20
Right to use - subscription-based IT	6
Vehicles	5 - 8
Furniture and equipment	5 - 20

Defined Benefit Plans

For purposes of measuring the net pension and other postemployment benefits liability/asset, deferred outflows of resources and deferred inflows of resources related to pension and other postemployment benefits liability/asset, and pension and other postemployment benefit expense, information about the fiduciary net position of the Michigan Public Employees' Retirement System (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category. They are the deferred charge on refunding, pension and other postemployment benefit related items reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow is recognized for pension and other postemployment benefit related items. These amounts are expensed in the plan year in which they apply.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (continued)

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. The first is restricted section 147c state aid deferred to offset deferred outflows related to section 147c pension contributions subsequent to the measurement period. The second and third items are future resources yet to be recognized in relation to the pension and other postemployment benefit actuarial calculation. These future resources arise from differences in the estimates used by the actuary to calculate the pension and other postemployment benefit liability and the actual results. The amounts are amortized over a period determined by the actuary.

Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board of Education is the highest level of decision-making authority for the District that can, by adoption of a board action prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the board action remains in place until a similar action is taken (the adoption of another board action) to remove or revise the limitation.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (concluded)

Fund Balance Policies (concluded)

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board of Education may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. The Board has delegated to the Superintendent the authority to assign amounts to be used for specific purposes. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Subscription-based Information Technology Arrangements (SBITA)

Subscriber: The District is a subscriber for a noncancelable subscription of an IT arrangement. The District recognizes a SBITA liability and an intangible right-to-use SBITA asset in the government-wide financial statements.

At the commencement of a subscription, the District initially measures the SBITA liability at the present value of payments expected to be made during the SBITA term. Subsequently, the SBITA liability is reduced by the principal portion of SBITA payments made. The SBITA asset is initially measured as the initial amount of the SBITA liability, adjusted for SBITA payments made at or before the SBITA commencement date, plus certain initial direct costs. Subsequently, the SBITA asset is amortized on a straight-line basis over its useful life.

Key estimates and judgements related to leases included how the District determines (1) the discount rate it uses to discount the expected SBITA payments to present value, (2) SBITA term, and (3) SBITA payments.

- The District uses the interest rate charged by lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for SBITAs.
- The SBITA term includes the noncancelable period of the subscription. SBITA payments included in the measurement of the SBITA liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its SBITA and will remeasure the SBITA asset if certain changes occur that are expected to significantly affect the amount of the SBITA liability.

SBITA assets are reported with other capital assets and SBITA liabilities are reported with long-term obligations on the statement of net position.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Revenues and Expenditures/Expenses

Program Revenues

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, unrestricted state aid, interest, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes

Property taxes levied by the District are collected by various municipalities and periodically remitted to the District. The taxes are levied and become a lien as of July 1 and December 1 and are due upon receipt of the billing by the taxpayer and become a lien on the first day of the levy year. The actual due dates are September 14 and February 14, after which time the bills become delinquent and penalties and interest may be assessed by the collecting entity.

For the year ended June 30, 2024, the District levied the following amounts per \$1,000 of assessed valuation:

Fund	Mills
General fund	
Non-Principal Residence Exemption (PRE)	18.00
Commercial Personal Property	6.00
Debt service fund	
PRE, Non-PRE, Commercial Personal Property	2.29

Compensated Absences and Termination Benefits

The District's contracts generally provide for granting vacation and sick leave with pay. The current and long-term liability for compensated absences is reported on the government-wide financial statements. A liability for these amounts, including related benefits, is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations, or retirements.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method over the term of the related debt. Bond issuance costs are reported as expenditures in the year in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The general fund and food service funds has been used to liquidate long-term obligations other than debt.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 2 - DEPOSITS AND INVESTMENTS

As of June 30, 2024, the District had deposits and investments subject to the following risk:

Custodial Credit Risk - Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of June 30, 2024, \$9,098,479 of the District's bank balance of \$9,680,604 was exposed to custodial credit risk because it was uninsured and uncollateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name. The carrying balance is \$8,511,314.

Custodial Credit Risk - Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The District will minimize custodial credit risk, which is the risk of loss due to the failure of the security issuer or backer, by; limiting investments to the types of securities allowed by law; and pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the District will do business. As of June 30, 2024, the District had \$8,569,091 of investments exposed to custodial credit risk.

Interest Rate Risk

In accordance with its investment policy, the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by; structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the District's cash requirements.

Investment Type	Fair Value	Weighted Average Maturity (Years)
MILAF External Investment Pool - Cash Management Class	\$ 1,152	N/A
MILAF External Investment Pool - MAX	2,728	N/A
Michigan CLASS Investment Pool	114,087	0.0810
Fidelity Treasury Portfolio Money Market Fund	4,068,117	0.0027
Invesco Government & Agency Portfolio	1,151,272	0.0722
U.S. Government Agency Bonds	2,690,392	0.2194
Goldman Sachs Financial Square Government Fund	541,343	0.1111
Total fair value	<u>\$ 8,569,091</u>	
Portfolio weighted average maturity		<u>0.0712</u>

One day maturity equals 0.0027, one year equals 1.00.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Concentration of Credit Risk

The District will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the District's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating</u>	<u>Rating Agency</u>
MILAF External Investment Pool - Cash Management Class	\$ 1,152	AAAm	Standard & Poor's
MILAF External Investment Pool - MAX	2,728	AAAm	Standard & Poor's
Michigan CLASS Investment Pool	114,087	AAAm	Standard & Poor's
Fidelity Treasury Portfolio Money Market Fund	4,068,117	N/A	Standard & Poor's
Invesco Government & Agency Portfolio	1,151,272	AAAm	Standard & Poor's
U.S. Government Agency Bonds	2,690,392	A-1+	Standard & Poor's
Goldman Sachs Financial Square Government Fund	541,343	AAAm	Standard & Poor's
Total	<u>\$ 8,569,091</u>		

Foreign Currency Risk

The District is not authorized to invest in investments which have this type of risk.

Fair Value Measurement

The District is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Quoted prices in active markets for identical securities.
- Level 2: Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include prices for similar securities, interest rates, prepayment speeds, credit risk and others.
- Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant, unobservable inputs may be used. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 2 - DEPOSITS AND INVESTMENTS (continued)

Fair Value Measurement (concluded)

	Level 1	Level 2	Level 3	Balance June 30, 2024
Investments by fair value level				
Fidelity Treasury Portfolio Money Market Fund	\$ 4,068,117	\$ -	\$ -	\$ 4,068,117
Invesco Government & Agency Portfolio	1,151,272	-	-	1,151,272
U.S. Government Agency Bonds	2,690,392	-	-	2,690,392
Goldman Sachs Financial Square Government Fund	-	541,343	-	541,343
Total	<u>\$ 7,909,781</u>	<u>\$ 541,343</u>	<u>\$ -</u>	<u>\$ 8,451,124</u>

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The District voluntarily invests certain excess funds in external pooled investment funds which included money market funds. One of the pooled investment funds utilized by the District is the Michigan Investment Liquid Asset Fund (MILAF). MILAF funds are considered external investment pools as defined by the GASB and as such are recorded at amortized cost which approximate fair value. The MILAF (MAX Class) fund requires notification of redemptions prior to 14 days to avoid penalties. These funds are not subject to the fair value disclosures.

	Amortized Cost
MILAF External Investment Pool - Cash Management Class	\$ 1,152
MILAF External Investment Pool - MAX	<u>2,728</u>
	<u>\$ 3,880</u>

The cash and cash equivalents and investments referred to above have been reported in either the cash and cash equivalents or investments captions on the financial statements, based upon criteria disclosed in Note 1.

Investments in Entities that Calculate Net Asset Value per Share

The District holds shares or interests in the Michigan CLASS investment pool where the fair value of the investments is measured on a recurring basis using net asset value per share (or its equivalent) of the investment companies as a practical expedient.

The Michigan CLASS investment pool invest in U.S. Treasury obligations, federal agency obligations of the U.S. government, high-grade commercial paper (rated "A1" or better), collateralized bank deposits, repurchase agreements (collateralized at 102% by treasuries and agencies), and approved money market funds. The program is designed to meet the needs of Michigan public sector investors. It purchases securities that are legally permissible under state statutes and are available for investment by Michigan counties, cities, townships, school districts, authorities, and other public agencies.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 2 - DEPOSITS AND INVESTMENTS (concluded)

Investments in Entities that Calculate Net Asset Value per Share (concluded)

At the year ended June 30, 2024, the fair value, unfunded commitments, and redemption rules of those investments are as follows:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Frequency, if Eligible</u>	<u>Redemption Notice Period</u>
Michigan CLASS Investment Pool	<u>\$ 114,087</u>	<u>\$ -</u>	No restrictions	None

The following summarizes the categorization of these amounts as of June 30, 2024:

	<u>Primary Government</u>
Cash and cash equivalents	\$ 7,908,134
Investments	7,672,915
Restricted cash and cash equivalents	603,180
Restricted investments	<u>896,176</u>
	<u><u>\$ 17,080,405</u></u>

NOTE 3 - INTERGOVERNMENTAL RECEIVABLES

Intergovernmental receivables at June 30, 2024 consist of the following:

State aid	\$ 10,266,578
Federal revenue	923,553
Intermediate school district and other governments	<u>146,014</u>
	<u><u>\$ 11,336,145</u></u>

Because of the District's favorable collection experience, no allowance for doubtful accounts has been recorded.

GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - CAPITAL ASSETS

A summary of changes in the District's capital assets follows:

	Balance July 1, 2023	Additions/ Reclassification	Deletions/ Reclassification	Balance June 30, 2024
Assets not being depreciated/amortized				
Land	\$ 4,973,108	\$ -	\$ -	\$ 4,973,108
Construction in process	-	655,018	-	655,018
Total assets not being depreciated/amortized	4,973,108	655,018	-	5,628,126
Capital assets being depreciated/amortized				
Building and building improvements	104,679,067	373,431	-	105,052,498
Land improvements	19,113,566	-	(5,032)	19,108,534
Right to use - subscription-based IT	50,358	-	-	50,358
Vehicles	5,747,759	866,946	(874,424)	5,740,281
Furniture and equipment	16,707,809	426,984	(6,857,212)	10,277,581
Total other capital assets	146,298,559	1,667,361	(7,736,668)	140,229,252
Accumulated depreciation/amortization				
Building and building improvements	58,721,928	2,768,601	-	61,490,529
Land improvements	13,381,462	915,360	(5,032)	14,291,790
Right to use - subscription-based IT	8,393	8,393	-	16,786
Vehicles	3,551,998	625,379	(874,423)	3,302,954
Furniture and equipment	15,513,236	306,532	(6,505,861)	9,313,907
Total accumulated depreciation/amortization	91,177,017	4,624,265	(7,385,316)	88,415,966
Net capital assets being depreciated/amortized	55,121,542	(2,956,904)	(351,352)	51,813,286
Net governmental capital assets	\$ 60,094,650	\$ (2,301,886)	\$ (351,352)	\$ 57,441,412

Depreciation/amortization for the fiscal year ended June 30, 2024 amounted to \$4,624,265. The District determined that it was impractical to allocate depreciation/amortization to the various governmental activities as the assets serve multiple functions.

GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - LONG-TERM OBLIGATIONS

The District issues general obligation bonds to provide funds for the acquisition, construction and improvement of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Long-term obligations currently outstanding are as follows:

	General Obligation Bonds (Including Premiums)	Compensated Absences and Termination Benefits	Total
Balance July 1, 2023	\$ 9,942,116	\$ 1,396,383	\$ 11,338,499
Additions	-	210,591	210,591
Deletions	(6,203,077)	-	(6,203,077)
Balance June 30, 2024	3,739,039	1,606,974	5,346,013
Due within one year	3,739,039	691,143	4,430,182
Due in more than one year	\$ -	\$ 915,831	\$ 915,831

Long-term obligations at June 30, 2024 is comprised of the following:

	Amount Outstanding	Original Borrowing
<u>General Obligation Bonds</u>		
2013 refunding general obligation bonds due in annual installments of \$1,010,000 through May 1, 2025, with interest at 3.25%.	\$ 1,010,000	\$ 9,390,000
2014 general obligation bonds due in annual installments of \$1,400,000 through May 1, 2025, with interest from 3.00%.	1,400,000	19,325,000
2017 refunding general obligation bonds due in annual installments of \$1,270,000 through May 1, 2025, with interest at 4.00%.	1,270,000	7,735,000
Add issuance premiums	59,039	
Total general obligation bonds	3,739,039	
Compensated absences and termination benefits	1,606,974	
Total general long-term obligations	\$ 5,346,013	

Interest expense (all funds) for the year ended June 30, 2024 was approximately \$302,000.

GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - LONG-TERM OBLIGATIONS (concluded)

The annual requirements to amortize long-term obligations outstanding as of June 30, 2024, including are as follows:

Year Ending June 30,	General Obligation Bonds		Compensated Absences and Termination Benefits	Total
	Principal	Interest		
2025	\$ 3,680,000	\$ 125,626	\$ -	\$ 3,805,626
Issuance premiums	59,039	-	-	59,039
Compensated absences and termination benefits	-	-	1,606,974	1,606,974
	<u>\$ 3,739,039</u>	<u>\$ 125,626</u>	<u>\$ 1,606,974</u>	<u>\$ 5,471,639</u>

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund payable and receivable balances at June 30, 2024 are as follows:

Receivable Fund		Payable Fund	
2020 Capital Projects Fund	\$ 129,460	General fund	\$ 411,593
Nonmajor governmental funds	<u>325,000</u>	Nonmajor governmental funds	<u>42,867</u>
	<u>\$ 454,460</u>		<u>\$ 454,460</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers for the year ended June 30, 2024 are as follows:

	Transfers In	Transfers Out
General fund	\$ 115,000	\$ 295,000
Nonmajor governmental funds	<u>295,000</u>	<u>115,000</u>
	<u>\$ 410,000</u>	<u>\$ 410,000</u>

During the year, transfers are used to: (1) move revenue from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the General Fund to finance programs accounted for in the other funds in accordance with budgetary authorizations.

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The Michigan Public School Employees' Retirement System (MPERS) (System) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the Board's authority to promulgate or amend the provisions of the System. MPERS issues a publicly available Annual Comprehensive Financial Report that can be obtained at www.michigan.gov/orsschools.

The System's pension plan was established by the State to provide retirement, survivor, and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act.

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State of Michigan Investment Board serves as the investment fiduciary and custodian for the System.

Benefits Provided - Overall

Participants are enrolled in one of multiple plans based on date of hire and certain voluntary elections. A summary of the plans offered by MPERS is as follows:

<u>Plan Name</u>	<u>Plan Type</u>	<u>Plan Status</u>
Basic	Defined Benefit	Closed
Member Investment Plan (MIP)	Defined Benefit	Closed
Pension Plus	Hybrid	Closed
Pension Plus 2	Hybrid	Open
Defined Contribution	Defined Contribution	Open

Benefits Provided - Pension

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Retirement benefits for DB plan members are determined by final average compensation and years of service. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

Prior to Pension reform of 2010 there were two plans commonly referred to as Basic and the Member Investment Plan (MIP). Basic Plan member's contributions range from 0% - 4%. On January 1, 1987, the Member Investment Plan (MIP) was enacted. MIP members enrolled prior to January 1, 1990, contribute at a permanently fixed rate of 3.9% of gross wages. Members first hired January 1, 1990, or later including Pension Plus Plan members, contribute at various graduated permanently fixed contribution rates from 3.0% - 7.0%.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Pension Reform 2010

On May 19, 2010, the Governor signed Public Act 75 of 2010 into law. As a result, any member of the Michigan Public School Employees' Retirement System (MPERS) who became a member of MPERS after June 30, 2010, is a Pension Plus member. Pension Plus is a hybrid plan that contains a pension component with an employee contribution (graded, up to 6.4% of salary) and a flexible and transferable defined contribution (DC) tax-deferred investment account that earns an employer match of 50% (up to 1% of salary) on employee contributions. Retirement benefits for Pension Plus members are determined by final average compensation and years of service. Disability and survivor benefits are available to Pension Plus members.

Pension Reform 2012

On September 4, 2012, the Governor signed Public Act 300 of 2012 into law. The legislation grants all active members who first became a member before July 1, 2010, and who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their pension. Any changes to a member's pension are effective as of the member's *transition date*, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under the reform, members voluntarily chose to increase, maintain, or stop their contributions to the pension fund.

An amount determined by the member's election of Option 1, 2, 3, or 4 described below:

Option 1 - Members voluntarily elected to increase their contributions to the pension fund as noted below and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they terminate public school employment.

- Basic Plan Members: 4% contribution
- Member Investment Plan (MIP)-Fixed, MIP-Graded, and MIP-Plus members: a flat 7% contribution

Option 2 - Members voluntarily elected to increase their contribution to the pension fund as stated in Option 1 and retain the 1.5% pension factor in their pension formula. The increased contribution would begin as of their transition date and continue until they reach 30 years of service. If and when they reach 30 years of service, their contribution rates will return to the previous level in place as of the day before their transition date (0% for Basic plan members, 3.9% for MIP-Fixed, up to 4.3% for MIP-Graded, or up to 6.4% for MIP-Plus). The pension formula for any service thereafter would include a 1.25% pension factor.

Option 3 - Members voluntarily elected not to increase their contribution to the pension fund and maintain their current level of contribution to the pension fund. The pension formula for their years of service as of the day before their transition date will include a 1.5% pension factor. The pension formula for any service thereafter will include a 1.25% pension factor.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Pension Reform 2012 (concluded)

Option 4 - Members voluntarily elected to no longer contribute to the pension fund and therefore are switched to the Defined Contribution plan for future service as of their transition date. As a DC participant they receive a 4% employer contribution to the tax-deferred 401(k) account and can choose to contribute up to the maximum amounts permitted by the IRS to a 457 account. They vest in employer contributions and related earnings in their 401(k)-account based on the following schedule: 50% at 2 years, 75% at 3 years, and 100% at 4 years of service. They are 100% vested in any personal contributions and related earnings in their 457 account. Upon retirement, if they meet age and service requirements (including their total years of service), they would also receive a pension (calculated based on years of service and final average compensation as of the day before their transition date and a 1.5% pension factor).

Members who did not make an election before the deadline defaulted to Option 3 as described above. Deferred or nonvested public school employees on September 3, 2012, who return to public school employment on or after September 4, 2012, will be considered as if they had elected Option 3 above. Returning members who made the retirement plan election will retain whichever option they chose.

Employees who first work on or after September 4, 2012, choose between two retirement plans: The Pension Plus Plan and a Defined Contribution that provides a 50% employer match up to 3% of salary on employee contributions.

Final Average Compensation (FAC) - Average of highest 60 consecutive months for Basic Plan members and Pension Plus members (36 months for MIP members). FAC is calculated as of the last day worked unless the member elected Option 4, in which case the FAC is calculated at the transition date.

Pension Reform of 2017

On July 13, 2017, the Governor signed Public Act 92 of 2017 into law. The legislation closed the Pension Plus Plan to newly hired employees as of February 1, 2018, and created a new, optional Pension Plus 2 Plan with similar plan benefit calculations but containing a 50/50 cost share between the employee and the employer, including the cost of future unfunded liabilities. The assumed rate of return on the Pension Plus 2 Plan is 6%. Further, under certain adverse actuarial conditions, the Pension Plus 2 Plan will close to new employees if the actuarial funded ratio falls below 85% for two consecutive years. The law included other provisions to the retirement eligibility age, plan assumptions, and unfunded liability payment methods.

Benefits Provided - Other Postemployment Benefit (OPEB)

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree health care recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP-Graded plan members), the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008, (MIP-Plus plan members), have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date.

GRAND HAVEN AREA PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Retiree Healthcare Reform of 2012

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees' Retirement System, who earned service credit in the 12 months ending September 3, 2012, or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's *transition date*, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions will be deposited into their 401(k) accounts.

Regular Retirement (no reduction factor for age)

Eligibility - A Basic plan member may retire at age 55 with 30 years credited service; or age 60 with 10 years credited service. For Member Investment Plan (MIP) members, age 46 with 30 years credited service; or age 60 with 10 years credited service; or age 60 with 5 years of credited service provided member worked through 60th birthday and has credited service in each of the last 5 years. For Pension Plus Plan (PPP) members, age 60 with 10 years of credited service.

Annual Amount - The annual pension is paid monthly for the lifetime of a retiree. The calculation of a member's pension is determined by their pension election under PA 300 of 2012.

Member Contributions

Depending on the plan selected, member contributions range from 0% - 7% for pension and 0% - 3% for other postemployment benefits. Plan members electing the Defined Contribution plan are not required to make additional contributions.

Employer Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of pension benefits and OPEB. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The normal cost is the annual cost assigned under the actuarial funding method, to the current and subsequent plan years. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Employer Contributions (concluded)

Pension and OPEB contributions made in the fiscal year ending September 30, 2023, were determined as of the September 30, 2020 actuarial valuations. The pension and OPEB benefits, the unfunded (overfunded) actuarial accrued liabilities as of September 30, 2020, are amortized over a 16-year period beginning October 1, 2022 and ending September 30, 2038.

School districts' contributions are determined based on employee elections. There are several different benefit options included in the plan available to employees based on date of hire. Contribution rates are adjusted annually by the ORS. The range of rates is as follows:

	<u>Pension</u>	<u>Other Postemployment Benefit</u>
October 1, 2023 - September 30, 2024	13.90% - 23.03%	7.06% - 8.31%
October 1, 2022 - September 30, 2023	13.75% - 20.16%	7.23% - 8.09%

The District's pension contributions for the year ended June 30, 2024 were equal to the required contribution total. Total pension contributions were approximately \$17,824,000. Of the total pension contributions approximately \$17,170,000 was contributed to fund the Defined Benefit Plan and approximately \$654,000 was contributed to fund the Defined Contribution Plan.

The District's OPEB contributions for the year ended June 30, 2024, were equal to the required contribution total. Total OPEB contributions were approximately \$4,055,000. Of the total OPEB contributions approximately \$3,663,000 was contributed to fund the Defined Benefit Plan and approximately \$392,000 was contributed to fund the Defined Contribution Plan.

These amounts, for both pension and OPEB benefit, include contributions funded from State Revenue Section 147c restricted to fund the MPSERS Unfunded Actuarial Accrued Liability (UAAL) Stabilization Rate (100% for pension and 0% for OPEB).

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of September 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of September 30, 2022, and rolled-forward using generally accepted actuarial procedures.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions (continued)

The District's proportion of the net pension liability was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating reporting units, actuarially determined.

<u>MPERS (Plan) Non-university Employers</u>	<u>September 30, 2023</u>	<u>September 30, 2022</u>
Total pension liability	\$ 94,947,828,557	\$ 95,876,795,620
Plan fiduciary net position	\$ 62,581,762,238	\$ 58,268,076,344
Net pension liability	\$ 32,366,066,319	\$ 37,608,719,276
Proportionate share	0.41343%	0.41875%
Net pension liability for the District	\$ 133,811,248	\$ 157,487,174

For the year ended June 30, 2024, the District recognized pension expense of \$15,236,368.

At June 30, 2024, the Reporting Unit reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes in proportion and differences between employer contributions and proportionate share of contributions	\$ 6,354	\$ 2,945,997
Differences between expected and actual experience	4,224,013	204,978
Changes of assumptions	18,132,033	10,454,518
Net difference between projected and actual earnings on pension plan investments	-	2,738,211
Reporting Unit's contributions subsequent to the measurement date	<u>15,995,465</u>	<u>-</u>
	<u>\$ 38,357,865</u>	<u>\$ 16,343,704</u>

\$15,995,465, reported as deferred outflows of resources related to pensions resulting from District employer contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the subsequent fiscal year.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions (concluded)

Other amounts reported as deferred outflows of resources and (deferred inflows) of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended September 30,</u>	<u>Amount</u>
2024	\$ 1,658,532
2025	1,168,946
2026	5,304,031
2027	<u>(2,112,813)</u>
	<u><u>\$ 6,018,696</u></u>

OPEB Liabilities (Asset), OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of September 30, 2023, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation date of September 30, 2022, and rolled-forward using generally accepted actuarial procedures. The District's proportion of the net OPEB liability (asset) was based on a projection of its long-term share of contributions to the OPEB plan relative to the projected contributions of all participating reporting units, actuarially determined.

<u>MPERS (Plan) Non-university Employers</u>	<u>September 30, 2023</u>	<u>September 30, 2022</u>
Total Other Postemployment Benefit liability	\$ 11,223,648,949	\$ 12,522,713,324
Plan fiduciary net position	\$ 11,789,347,341	\$ 10,404,650,683
Net Other Postemployment Benefit Liability (Asset)	\$ (565,698,392)	\$ 2,118,062,641
Proportionate share	0.41600%	0.40709%
Net Other Postemployment Benefit Liability (Asset) for the District	\$ (2,353,315)	\$ 8,622,419

For the year ended June 30, 2024, the District recognized OPEB benefit of \$3,527,496.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

OPEB Liabilities (Asset), OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB (concluded)

At June 30, 2024, the Reporting Unit reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 5,238,890	\$ 630,861
Net difference between projected and actual earnings on OPEB plan investments	7,175	-
Differences between expected and actual experience	-	17,782,858
Changes in proportion and difference between employer contributions and proportionate share of contributions	449,812	1,092,098
Reporting Unit's contributions subsequent to the measurement date	3,213,228	-
	<u>\$ 8,909,105</u>	<u>\$ 19,505,817</u>

\$3,213,228, reported as deferred outflows of resources related to OPEB resulting from District employer contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability/asset in the subsequent fiscal year.

Other amounts reported as deferred outflows of resources and (deferred inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended September 30,	Amount
2024	\$ (4,549,253)
2025	(4,297,641)
2026	(1,652,597)
2027	(1,602,234)
2028	(1,142,690)
2029	(565,525)
	<u>\$ (13,809,940)</u>

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Actuarial Assumptions

Investment Rate of Return for Pension - 6.00% a year, compounded annually net of investment and administrative expenses for the MIP, Basic, Pension Plus, and Pension Plus 2 Plan groups.

Investment Rate of Return for OPEB - 6.00% a year, compounded annually net of investment and administrative expenses.

Salary Increases - The rate of pay increase used for individual members is 2.75% - 11.55%, including wage inflation at 2.75%.

Inflation - 3.0%.

Mortality Assumptions -

Retirees: PubT-2010 Male and Female Retiree Mortality Tables scaled by 116% for males and 116% for females and adjusted for mortality improvements using projection scale MP-2021 from 2010.

Active: PubT-2010 Male and Female Employee Mortality Tables scaled 100% and MP-202 adjusted for mortality improvements using projection scale from 2010.

Disabled Retirees: PubNS-2010 Male and Female Disabled Retiree Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2021 from 2010.

Experience Study - The annual actuarial valuation report of the System used for these statements is dated September 30, 2022. Assumption changes as a result of an experience study for the periods 2017 through 2022 have been adopted by the System for use in the determination of the total pension and OPEB liability beginning with the September 30, 2023, valuation.

The Long-Term Expected Rate of Return on Pension and Other Postemployment Benefit Plan Investments - The pension rate was 6.00% (MIP, Basic, Pension Plus Plan, and Pension Plus 2 Plan), and the other postemployment benefit rate was 6.00%, net of investment and administrative expenses determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension and OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Cost of Living Pension Adjustments - 3.0% annual non-compounded for MIP members.

Healthcare Cost Trend Rate for Other Postemployment Benefit - Pre 65, 7.50% for year one and graded to 3.5% in year fifteen. Post 65, 6.25% for year one and graded to 3.5% in year fifteen.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Actuarial Assumptions (continued)

Additional Assumptions for Other Postemployment Benefit Only - Applies to Individuals Hired Before September 4, 2012:

Opt Out Assumption - 21% of eligible participants hired before July 1, 2008, and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan.

Survivor Coverage - 80% of male retirees and 67% of female retirees electing two-person coverage are assumed to have coverage continuing after the retiree's death.

Coverage Election at Retirement - 75% of male and 60% of female future retirees who elected coverage are assumed to elect coverage for 1 or more dependents.

The target asset allocation at September 30, 2023 and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Investment Category	Target Allocation	Long-term Expected Real Rate of Return*
Domestic Equity Pools	25.0%	5.8%
International Equity Pools	15.0%	6.7%
Private Equity Pools	16.0%	9.6%
Real Estate and Infrastructure Pools	10.0%	6.4%
Fixed Income Pools	13.0%	1.3%
Absolute Return Pools	9.0%	4.8%
Real Return / Opportunistic Pools	10.0%	7.3%
Short Term Investment Pools	2.0%	0.3%
	<u>100.0%</u>	

* Long term rate of return are net of administrative expenses and 2.7% inflation.

Rate of Return - For fiscal year ended September 30, 2023, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was 8.29% and 7.94%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Discount Rate - A single discount rate of 6.00% was used to measure the total pension liability. This discount rate was based on the expected rate of return on pension plan investments of 6.00%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions from school districts will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Actuarial Assumptions (concluded)

OPEB Discount Rate - A single discount rate of 6.00% was used to measure the total OPEB liability. This discount rate was based on the long-term expected rate of return on OPEB plan investments of 6.00%. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that school districts contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the Reporting Unit's proportionate share of the net pension liability calculated using a single discount rate of 6.00%, as well as what the Reporting Unit's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Pension		
	1% Decrease	Discount Rate	1% Increase
Reporting Unit's proportionate share of the net pension liability	\$ 180,778,604	\$ 133,811,248	\$ 94,709,226

Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate - The following presents the Reporting Unit's proportionate share of the net OPEB liability (asset) calculated using a single discount rate of 6.00%, as well as what the Reporting Unit's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Other Postemployment Benefits		
	1% Decrease	Discount Rate	1% Increase

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 7 - PENSION AND OTHER POSTEMPLOYMENT BENEFITS (concluded)

Pension and OPEB Plan Fiduciary Net Position

Detailed information about the pension and OPEB's fiduciary net position is available in the separately issued Michigan Public School Employees' Retirement System Annual Comprehensive Financial Report.

Payable to the Pension and OPEB Plan - At year end the School District is current on all required pension and other postemployment benefit plan payments. Amounts accrued at year end for accounting purposes are separately stated in the financial statements as a liability titled accrued retirement. These amounts represent current payments for June paid in July, accruals for summer pay primarily for teachers, and the contributions due from State Revenue Section 147c restricted to fund the MPSERS Unfunded Actuarial Accrued Liability (UAAL).

NOTE 8 - OTHER POSTEMPLOYMENT BENEFITS

The District administers a single-employer defined benefit healthcare plan (the "OPEB Plan"). In addition to the retirement benefits described in Note 7, the OPEB Plan provides health insurance benefits to certain retirees and their beneficiaries, which are funded on a pay-as-you-go basis. Participants are eligible for the OPEB Plan if hired prior to May 1, 2004, have 12 years of service and are eligible for MPSERS. Separate financial statements are not prepared for the OPEB Plan.

Benefits Provided

In accordance with the District's policy, the District provides an annual payment until the retiree is eligible for full social security benefits. Administrators receive \$3,000 annually plus \$700 annually in lieu of dental and vision insurance until eligible for social security benefits. Teachers receive an annual amount of 10% of the BA Base at retirement (with any increases past retirement) plus \$700 in lieu of vision and dental insurance or health insurance benefits until eligible for social security benefits.

Employees Covered by Benefit Terms

At June 30, 2024, the date of the most recent actuarial valuation, the following employees were covered by benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	57
Active plan members	<u>111</u>
	<u><u>168</u></u>

Contributions

The contribution requirements of OPEB Plan members and the District are established and may be amended by the District's Board of Education. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the Board of Education. Employees are not required to contribute to the OPEB Plan.

Total OPEB Liability

The District's total OPEB liability was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2024.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 8 - OTHER POSTEMPLOYMENT BENEFITS (continued)

Actuarial Assumptions

The total OPEB liability in the June 30, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	Implicit in expected payroll increases
Salary increases	3.00%
Investment rate of return	N/A
20-year Aa Municipal bond rate	4.21%

Mortality rates were based on Public Teacher and Public General 2010 Employee and Healthy Retiree, Headcount weighted.

Discount Rate

The discount rate used to measure the total OPEB liability was 4.21%. Because the plan does not have a dedicated OPEB trust, assets are not projected to be sufficient to make future benefit payments of current plan members. For projected benefits that are covered by projected assets, the long-term expected rate was used to discount the projected benefits. From the year that benefit payments were not projected to be covered by the projected assets (the "depletion date", not applicable for this plan), projected benefits were discounted at a discount rate reflecting a 20-year AA/Aa tax-exempt municipal bond yield. A single equivalent discount rate that yields the same present value of benefits is calculated. This discount rate is used to determine the Total OPEB Liability.

As the plan is not pre-funded, no long-term expected rate of return of plan investments was determined.

Change in Actuarial Assumptions

The discount rate decreased from 4.24% to 4.21%.

Change in the Total OPEB Liability

The components of the change in the total OPEB liability are summarized as follows:

Balance at June 30, 2023	<u>\$ 4,059,854</u>
Changes during the year	
Service cost	75,082
Interest	168,056
Experience gains	130,639
Changes in actuarial assumptions	(24,336)
Benefit payments	<u>(342,695)</u>
Net changes	<u>6,746</u>
Balance at June 30, 2024	<u><u>\$ 4,066,600</u></u>

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 8 - OTHER POSTEMPLOYMENT BENEFITS (concluded)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following table presents the total OPEB liability, calculated using a single discount rate of 4.21%, as well as what the total OPEB liability would be if it were calculated using a single discount rate that is 1% lower (3.21%) or (5.21%) than the current rate:

	Other Postemployment Benefits		
	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
District's total OPEB liability	<u>\$ 4,263,481</u>	<u>\$ 4,066,600</u>	<u>\$ 3,876,506</u>

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2024, the District recognized OPEB expense of \$355,380. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of assumptions	\$ 137,788	\$ 262,244
Differences between expected and actual experience	<u>409,083</u>	<u>35,385</u>
	<u>\$ 546,871</u>	<u>\$ 297,629</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources to OPEB will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	<u>Amount</u>
2025	\$ 112,357
2026	92,962
2027	24,932
2028	18,991

Payable to the Plan

At June 30, 2024, the District reported no amount payable to the OPEB Plan.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District participates in a distinct pool of educational institutions within the State of Michigan for self-insuring workers' disability compensation. The pool is considered a public entity risk pool. The District pays annual premiums to the pool for the respective insurance coverage. In the event the pool's total claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessment to make up the deficiency. The pool maintains reinsurance for claims in excess of \$500,000 for each occurrence with the overall maximum coverage being unlimited. The District has not been informed of any special assessments being required.

The District continues to carry commercial insurance for other risks of loss, including property and casualty errors and omissions, fleet and employee health and accident insurance. No settlements have occurred in excess of coverage for June 30, 2024 or any of the prior three years.

NOTE 10 - TAX ABATEMENTS

The District is required to disclose significant tax abatements as required by GASB Statement No. 77, *Tax Abatements*.

The District receives reduced property tax revenues as a result of Industrial Facilities Tax exemptions, Brownfield Redevelopment Agreements, and Payments in Lieu of Taxes (PILOT) granted by cities, villages, and townships. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities; Brownfield Redevelopment Agreements are intended to reimburse taxpayers that remediate environmental contamination on their properties; PILOT programs apply to multiple unit housing for citizens of low income and the elderly.

Property taxes abated by the District for the year ended June 30, 2024 amounted to approximately \$626,700.

The taxes abated for the general fund operating millage is considered by the State of Michigan when determining the District's Section 22 Funding of the State School Aid Act.

There are no abatements made by the District.

NOTE 11 - CONTINGENT LIABILITIES

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 12 - UPCOMING ACCOUNTING PRONOUNCEMENTS

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. This Statement also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. The District is currently evaluating the impact this standard will have on the financial statements when adopted during the 2024-2025 fiscal year.

In December 2023, the GASB issued Statement No. 102, *Certain Risk Disclosures*. This Statement requires a government to assess whether a concentration or constraint makes the government vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of circumstances disclosed and the government's vulnerability to the risk of substantial impact. The District is currently evaluating the impact this standard will have on the financial statements when adopted during the 2024-2025 fiscal year.

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*. This Statement establishes new accounting and financial reporting requirements - or modifies existing requirements - related to the following:

- a. Management's discussion and analysis (MD&A);
 - i. Requires that the information presented in MD&A be limited to the related topics discussed in five specific sections:
 - 1) Overview of the Financial Statements,
 - 2) Financial Summary,
 - 3) Detailed Analyses,
 - 4) Significant Capital Asset and Long-Term Financing Activity,
 - 5) Currently Known Facts, Decisions, or Conditions;
 - ii. Stresses detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed;
 - iii. Removes the requirement for discussion of significant variations between original and final budget amounts and between final budget amounts and actual results;
- b. Unusual or infrequent items;
- c. Presentation of the proprietary fund statement of revenues, expenses, and changes in fund net position;
 - i. Requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses and clarifies the definition of operating and nonoperating revenues and expenses;
 - ii. Requires that a subtotal for *operating income (loss) and noncapital subsidies* be presented before reporting other nonoperating revenues and expenses and defines subsidies;
- d. Information about major component units in basic financial statements should be presented separately in the statement of net position and statement of activities unless it reduces the readability of the statements in which case combining statements of should be presented after the fund financial statements;
- e. Budgetary comparison information should include variances between original and final budget amounts and variances between final budget and actual amounts with explanations of significant variances required to be presented in the notes to RSI.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 12 - UPCOMING ACCOUNTING PRONOUNCEMENTS (concluded)

The District is currently evaluating the impact this standard will have on the financial statements when adopted during the 2025-2026 fiscal year.

NOTE 13 - SUBSEQUENT EVENTS

On August 6, 2024, taxpayers approved a sinking fund millage for the District in the amount of .7 mills. This millage will be available to the District starting in fiscal year 2025.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2024**

NOTE 1 - PENSION INFORMATION

Benefit Changes - there were no changes of benefit terms in 2023.

Changes of Assumptions - the assumption changes for 2023 were:

- Mortality assumptions were updated to the Pub-2010 Male and Female Retiree Mortality Tables from the RP-2014 Male and Female Healthy Annuitant table.

NOTE 2 - OPEB INFORMATION

Benefit Changes - there were no changes of benefit terms in 2023.

Changes of Assumptions - the assumption changes for 2023 were:

- Healthcare Cost Trend Rate:
 - Pre 65 decreased to 7.50% for year one graded to 3.50% for year fifteen from 7.75% for year one graded to 3.50% for year fifteen.
 - Post 65 increased to 6.25% for year one and graded to 3.5% for year fifteen from 5.25% for year one and graded to 3.5% for year fifteen.
- Mortality assumptions were updated to the Pub-2010 Male and Female Retiree Mortality Tables from the RP-2014 Male and Female Healthy Annuitant table.

NOTE 3 - SINGLE EMPLOYER OPEB PLAN INFORMATION

Changes of Assumptions - the assumption changes for 2024 were:

The discount rate decreased from 4.24% to 4.21%.

Valuation Date	Actuarially determined contribution rates are calculated as of the end of the fiscal year in which contributions are reported.
----------------	--

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry-age normal
Amortization method	Level percent of compensation
Asset valuation method	N/A; plan is not pre-funded
Inflation	2.0 % base inflation for teachers
Salary increases	3.0%
Investment rate of return	N/A; plan is not pre-funded
Retirement age	Age-based rates: age 55-58, 6%; age 59, 20%; age 60-64, 40%; age 65, 100%
Mortality	Public Teacher and Public General, headcount weighted with Mortality Projection 2021 Annuitant and Non-annuitant, sex-distinct tables
Healthcare cost trend rates	2.0%

<u>\$ 1,270,000</u>	<u>\$ 25,400</u>	<u>\$ 25,400</u>	2025	<u>\$ 1,320,800</u>

The bonds were approved by the Board of Education for refunding a portion of the 2009 School Building and Site Bonds. The portion of the prior bonds being refunded are the bonds were due and payable May 1, 2020, through May 1, 2025. The bonds carry interest rates of 4.00%.

**GRAND HAVEN AREA PUBLIC SCHOOLS
ANNUAL COMPREHENSIVE FINANCIAL REPORT
STATISTICAL SECTION OVERVIEW
2023-2024**

The Statistical section contains detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health. The schedules in this section are segregated into various categories as noted below:

FINANCIAL TRENDS

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

REVENUE & DEBT CAPACITY

These schedules contain information to help the reader assess the factors affecting the District's revenue generating capacity, the affordability of the District's current levels of outstanding debt, and the District's ability to issue additional debt in the future. It should be noted that school funding in Michigan is based on per student "foundation" amount that is determined by the State of Michigan. Some of the amount determined by the State is raised locally through millage on "Non-Principal Residence Exemption" property tax values. The State makes up the difference between what is raised locally and what is the State determined revenue amount due to our District. As such, the District's ability to generate unrestricted revenues via local property taxes is severely limited.

DEMOGRAPHIC & ECONOMIC INFORMATION

These schedules present demographic and economic indicators to help the reader understand the economic environment within which the District operates.

OPERATIONAL INFORMATION

These schedules contain information about the District's operations and resources to help the reader understand how the District's financial information relates to the services the District provides and the activities it performs.

**GRAND HAVEN AREA PUBLIC SCHOOLS
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2024**

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Grand Haven Area Public Schools under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Grand Haven Area Public Schools it is not intended to and does not present the financial position or changes in net position of Grand Haven Area Public Schools.

The District qualifies for low-risk auditee status.

Management has utilized the NexSys Cash Management System and the Grant Auditor Report in preparing the schedule of expenditures of federal awards. The District does not pass-through federal funds.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts (if any) shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. Grand Haven Area Public Schools has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 - RECONCILING WITH AUDITED FINANCIAL STATEMENTS

Federal expenditures are reported as revenue in the following funds in the financial statements:

General fund	\$ 5,251,534
Other nonmajor governmental funds	<u>1,615,981</u>
Total revenue in fund financial statements	<u><u>\$ 6,867,515</u></u>

NOTE 4 - PROGRAM CLUSTERS

Program clusters contained within the schedule are as follows:

Child Nutrition Cluster consists of Assistance Listing #10.553, #10.555, and #10.559. The Special Education Cluster consists of Assistance Listing #84.027 and #84.173. The Medicaid Cluster consists of Assistance Listing #93.778.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Education of
Grand Haven Area Public Schools

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Grand Haven Area Public Schools as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Grand Haven Area Public Schools' basic financial statements and have issued our report thereon dated October 8, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Grand Haven Area Public Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Grand Haven Area Public Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of the Grand Haven Area Public Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Grand Haven Area Public Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education of
Grand Haven Area Public Schools

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Grand Haven Area Public Schools' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Grand Haven Area Public Schools' major federal programs for the year ended June 30, 2024. Grand Haven Area Public Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Grand Haven Area Public Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Grand Haven Area Public Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Grand Haven Area Public Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Grand Haven Area Public Schools' federal programs.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Grand Haven Area Public Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Grand Haven Area Public Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Grand Haven Area Public Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Grand Haven Area Public Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Grand Haven Area Public Schools' internal control over compliance. Accordingly, no such opinion is expressed.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

October 8, 2024

To the Board of Education
Grand Haven Area Public Schools

In planning and performing our audit of the financial statements of Grand Haven Area Public Schools as of and for the year ended June 30, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered Grand Haven Area Public Schools' internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, during our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 8, 2024 on the financial statements of Grand Haven Area Public Schools. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control, or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. Our comments are summarized as follows.

Food Service Fund Balance

Per Michigan Department of Education (MDE) guidelines, school food authorities (SFA) must operate food services on a nonprofit basis. We noted that the food service fund balance exceeded the three months' operating expenditures allowed. MDE requires that the SFA spend down the excess by the end of the next school year. We recommend that Grand Haven Area Public Schools develop a plan to spend down the excess by June 30, 2025, and submit the plan to MDE.

This report is intended solely for the information and use of management and others within the District and is not intended to be, and should not be, used by anyone other than these specified parties.

We appreciate the cooperation we received from your staff during our engagement and the opportunity to be of service.

Very truly yours,

Maner Costerisan PC

October 8, 2024

To the Board of Education
Grand Haven Area Public Schools

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Grand Haven Area Public Schools for the year ended June 30, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Grand Haven Area Public Schools are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during fiscal year 2024. We noted no transactions entered into by Grand Haven Area Public Schools during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Estimates have been used to calculate the net pension liability and the net other postemployment benefit liability/asset. We evaluated the key factors and assumptions used to develop the balance of the net pension liability and net other postemployment benefit liability in determining that they are reasonable in relation to the financial statements taken as a whole.

Management's estimate in calculating the liability for employee compensated absences. We evaluated the key factors and assumptions used to develop the balance of employee compensated absences in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's determination of the estimated life span of the capital assets. We evaluated the key factors and assumptions used by management to develop the estimated life span of the capital assets in determining that it is reasonable in relation to the financial statements taken as a whole. In addition, certain amounts included in capital assets have been estimated based on an outside appraisal company.

We evaluated the key factors and assumptions used to develop these accounting estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 8, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Grand Haven Area Public Schools' financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Grand Haven Area Public Schools' auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on other supplementary information, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the management and members of the Board of Education of Grand Haven Area Public Schools' and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Maney Costeiran PC
