Parent Notice of Program Measurement

As a participating recipient of the Michigan Great Start Readiness grant, our program is required to work with the Michigan Department of Education (MDE) to measure the effect of the state wide Great Start Readiness Program (GSRP). Information is sometimes collected about GSRP staff, enrolled children, and their families. Program staff or a representative from MDE might:

- Ask parents questions about their child and family
- Observe children in the classroom
- Measure what children know about letters, words, numbers
- Ask teachers how children are learning and growing
- Track children’s educational progress through the second grade

Information from you and about your child will not be shared with others in any way that you or your child could be identified. It is protected by law.

Questions? Contact: mde-gsrp@michigan.gov or 517-373-8483

I have read the above information and understand that any information shared about my child is intended for the further growth and development of the Great Start Readiness Program.
