

FAFSA INSTRUCTIONS

- 1) Create a log in (FSAID) [Create Account | Federal Student Aid](#)
Be sure to use your personal email - not your school email.
If you don't have a cell phone - you may just use your email

When complete your ID - there is a link at the bottom of the page that says
"go to Log In"

Use the log in you created to log into the FAFSA

- 2). Complete the FAFSA

You will need one parent to do it with you. You will need to send an email to one parent and they will connect to a link to complete their part of the FAFSA.

After you send the emails, you can complete your part of the FAFSA.

Your FAFSA will not be processed until you and your parent complete each of your parts.

NOTE: Be sure to include any colleges you are considering in the college section so they will get your financial aid information. If you apply and are accepted to a college, they will eventually send you a SAR (Student Aid Report) with all the details of the costs and aid for that college.

Watch your email for updates from FAFSA after you submit it.
