

EARLY GRADUATION APPLICATION FOR 2023 GRADUATES

This option is not encouraged or recommended by our high school administration, counselors or teachers. The administration and faculty believe that academic and extra-curricular opportunities during the last semester of the senior year are valuable to the individual student's background and development. However, early graduation is an option available to those seniors who have completed all graduation requirements, completed all State testing requirements of the Michigan Merit Exam (MME), and must attend through the first semester of their senior year. It is required that student who elect this option of early graduation complete this form. It is encouraged that the student check with all potential colleges/universities that the student is considering to be certain that graduating early will not have an adverse effect on their admission status. The form must be signed by the student and the student's parents or guardians and returned to Student Services. Seniors who elect to graduate early are encouraged to participate in all year-end senior activities including graduation.
