RR Algebra II
Grand Haven High School

Course Number: S56A
Grade Level: 10th - 12th
Credits : 1 credit
Prerequisite Courses : Algebra I and Geometry

Course Description
Algebra II A/B provides those students encountering difficulties understanding algebraic concepts a less vigorously paced course of algebraic processes, practice, and procedures. A graphing calculator is strongly recommended. RR Algebra II is intended for students who have successfully completed Algebra and Geometry and desire a slower pace than the traditional Algebra II course. This resource room course is modified and accomodated to meet each students' individual needs.

Course Objectives
The first semester will review concepts taught in Algebra I and build skills to solve systems of equations with two or more variables. The second semseter will focus on functions: power, inverse, logarithmic, and rational. The goal is to create critical thinking that focuses on personal finance and data analysis.

Student Expectations
A positive attitude will bring positive results, and all students and staff are expected to do their personal best in class daily. Respect for yourself, others, and the environment around you will also be expected from everyone in the classroom. If student's behavior is disrespectful or disruptive, discipline actions will follow.

Communication
Each teacher for this course will maintain an active classroom blog or website to assist students in their learning. Teachers will also be available through email contact and phone.

Grading Policy
Grading Policy is determined by department

Building Behavioral Expectations
TEAM GH … One Team, One Family, One Grand Haven. Be Kind. Always.
It is our expectation that ALL GHHS students, staff and parents will … always give their best **EFFORT** in everything that they do, work hard to be **INCLUSIVE** of each other, show **RESPONSIBILITY** in class, the hallways, cafeteria and at events, and **WORK TOGETHER** at all times!
GO BUCS

Scope and Sequence

1st Semester:

CH 1 Expressions, Equations, and Inequalities
CH 2 Functions, Equations, and Graphs
CH 3 Linear Systems
CH 4 Quadratric Functions and Equations
CH 5 Polynomials and Polynomial Functions

2nd Semester:

CH 6 Radical Functions and Rational Exponents
CH 7 Exponential and Logarithmic Functions
CH 8 Rational Functions
CH 9 Sequences and Series
CH 10 Quadratic Relations
CH 11 Probablity and Statistics
CH 12 Matrices
