Asbestos Management Plan Available for Review

As required by the Asbestos Hazard Emergency Response Act (AHERA), Grand Haven Area Public Schools Operations Department, in partnership with Analytical Testing and Consulting Services, Inc., has conducted an extensive asbestos survey of all our buildings.

Based on the findings of this inspection, we drafted a comprehensive management plan. This plan details the response actions that the district will be taking regarding asbestos-containing materials found in our buildings.

Grand Haven Area Public Schools follows the regulations outlined in **EPA 40 CFR Part 763-Asbestos-Containing Materials in Buildings** and complies with the inspection process outlined in **EPA 40 CFR Part 763, Parts 1, 2, 3, and OSHA 29 CFR Parts 1910 and 1926**.

The Asbestos Management Plan is available for review by parents, teachers, and employees during normal business hours at your building's main office. It is also available by contacting Jason MacKay, Director of Operations, at 616-850-5120 or via email at mackayj@ghaps.org.

To request a personal copy of the plan, please contact the Operations Department. Copies will be provided within five business days at \$0.60 per page.
